

consistent with Section 6(b)(5) of the Act⁸ because it will facilitate transactions in securities, promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market, by allowing the ISE to continue to operate its system on a pilot basis until August 1, 2001 according to the established allocation algorithm and allow market participants to rely upon the current features of the ISE's system, until such time as the Commission has the opportunity to review the ISE's request for permanent approval of its allocation algorithm.

The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. The Commission notes that the ISE has not requested any change to its existing allocation algorithm, which was previously approved by the Commission on a pilot basis. Rather, it has requested only a temporary extension of this pilot program until August 1, 2001, during which time the Commission expects to review the ISE's proposal for permanent approval. The Commission notes that it has received no complaints regarding the operation of the allocation algorithm during the pilot period. The Commission believes, therefore, that granting accelerated approval of the proposed rule change is appropriate and consistent with section 6 of the Act.⁹

It Is Therefore Ordered, pursuant to section 19(b)(2) of the Act,¹⁰ that the proposed rule change is hereby approved on an accelerated basis as a pilot scheduled to expire on August 1, 2001.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹
